For direct shipping by the manufacturer to FSJ via courier for pickup there, so you get the package faster and you don't have to travel to Pouce Coupe, add \$10.

Once I place the order with the manufacturer, it takes about 5 days to receive it. **Because there are limited quantities it would be best to order quickly.** You should give your first, second and third and fourth choices in case the others are already sold. The quantities in stock were as of noon Feb. 10th. If I don't specify a 16" it means they have already sold out. There is a lifetime guarantee on the trees offered by Western Rawhide (that means for as long as you own the saddle).

All saddles are Quarter Horse bars, i.e. will fit medium width QH. No returns on these specially priced saddles.
